PROJECTS

Online Learning Platform

- Developed an Online Learning Platform using HTML, CSS, JavaScript, Python (Flask), and SQLite for Smooth interaction between teachers and students.
- Implemented teacher functionality for account registration, course creation, and material management, enhancing course delivery efficiency.
- Built student features allowing for account registration, course enrollment, and access to course materials, ensuring a user-friendly learning experience.
- Optimized database operations using SQLite to efficiently store and retrieve user and course data.
- Integrated front-end and back-end technologies to deliver a responsive and dynamic web application.

Restaurant Management System (Python, Django, SQL, HTML, CSS & JavaScript)

- Advanced login signup page- After registration an email will be sent to your registered e-mail id
- veg & non-veg items are separated and we can choose easily to buy the items
- · We can add or remove the food items from the cart seamlessly
- · Separate admin and user pages which can have a better user experience for the website

EXTRA CURRICULAR

- · Travelling and exploring new places.
- · Playing sports (cricket & Volley).
- · Playing chess.
- · Bike riding.

ACHIEVEMENTS

- Secured second place in a school-level painting competition, demonstrating creativity and artistic skills.
- Secured third Place in the Bhubaneswar Marathon Competition, showcasing endurance and competitive spirit.

STRENGTHS

- · Communication: Able to clearly convey ideas in both written and verbal communication.
- · Adaptability: Able to learn new techniques quickly.
- · Innovation: Enjoys taking on new challenges.
- · Decision-Making: Makes quick decisions.

DECLARATION

 I confirm that the information given in this resume is accurate and true to the best of my knowledge.
